## \*\* 라이선스 회수/할당 방법

1. 제조사 홈페이지에 로그인 > Assign Licenses 메뉴로 이동

2. Assign Licenses 메뉴에서 your Licenses 항목에서 가지고 있는 라이선스를 확인

## Manage and Assign Licenses

Manage and assign licenses to each developer ensuring that individuals within your organization are sent notifications regarding product upgrades and new releases. Each person assigned a license will also be able to submit support tickets and install products using their own login. This is strictly optional, but we highly recommend assigning licenses when you own more than one DevExpress product.

### Your Licenses
